

Bradford Stop the War Coalition (affiliated to the **National Stop the War Coalition**) is a group of individuals and organisations united in their horror of a war that still continues and is still killing innocent people every day.

GAZA – A RIVER OF BLOOD

Thousands live in tents in the shadow of the ruins of their homes. Israel's savage blockade is preventing essential resources entering Gaza and blocking \$4.5 billion of aid which has been pledged for reconstruction. The United Nations Secretary General refuses to publish in full a report with details of Israeli war crimes and has blocked any further investigation of Israel's barbaric invasion of Gaza.

The suffering in Gaza continues, civilians are killed, hospitals, schools and homes are demolished, and food resources are destroyed. Join us in opposing the war criminals.

AFGHANISTAN – TERROR FOR INNOCENTS

Red Cross observers sent to the site of US air strikes on May 5 in western Afghanistan saw houses destroyed and dozens of dead bodies, including women and children. "We can absolutely confirm there were civilian casualties. It seemed they were trying to shelter in houses when they were hit." Local officials say up to 150 people were killed. **A girl named Shafiqa who was wounded said: "We were at home when the bombing started. Seven members of my family were killed."**

IRAQ – A MONSTROUS CRIME

Those responsible for [the human and social catastrophe](#) unleashed by the illegal invasion and occupation of Iraq, on both sides of the Atlantic, are desperate to rewrite its history and salvage the reputation of those armies that carried it out. That propaganda offensive has now reached fever pitch. **This was clearly a warm crime against the Iraqi people, the war criminals need to be brought to justice.**

PAKISTAN/IRAN – NEXT IN LINE

Pakistan has been drawn into this 'bloody' war. Bombing by drone planes has brought devastation to ordinary people living in Pakistan. Iran is also described as an axis of evil country and the idea of attacking Iran has not been withdrawn. The warmongers include Henry Kissinger who has involved himself in inciting wars between people for decades: North and South Vietnam, Iraq and Iran, India and Pakistan are just a few examples. Now they are inciting wars between the Pakistan Army and Taliban. **Join us and bring the war criminals to their knees.**

Join the campaign against these brutal conflicts. Support **Bradford Stop the War Coalition**. Become a member to help guide anti war campaigns and pressurize the government. We meet on the first Thursday of every month at Desmond Tutu House, 2 Ashgrove, (Off Great Horton Rd opposite the University of Bradford), Bradford, BD7 1BN. For more information email bradford@stopwar.org.uk.

Volunteer with Bradford Stop the War Coalition

We need to raise awareness of the atrocities our government is committing for the sake of accruing world resources and control.

What you can do

In 30 seconds you can purchase a badge, wrist band or leave a leaflet on a bus, train or in the office tea room.

In 1 minute you can learn the latest information from the STWC website and forward emails or texts to friends, relatives and colleagues.

In 5 minutes you could sign petitions (available online at STWC website) or at stalls held in your area.

In 15 minutes you could become a paid member of the organisation. You will be sent action alerts and newsletters.

In 1 hour you could take part in a fundraising activity. Raising awareness requires funding so it would be a great help if you could take part or organise a sponsored walk, face painting or attend a stall in your local town centre.

In 90 minutes you could attend STWC monthly meetings in your local area in order to help plan and guide local awareness activities.

Murdered children in Gaza.

Child injured from bombing in Afghanistan.

Child injured from bombing in Iraq.
